FESTIVE SEASON TRAIN SCHEDULE CHANGES

Metrorail's customary seasonal train schedule adjustments will apply during the approaching festive season recess. Both weekday schedules and public holidays are adjusted to cater for variable demand during this period. Experience has shown a significantly reduced weekday demand in patronage during the four week period with the majority of commuters taking holidays. An increased demand for trains will be met with the additional trains provided on public holidays.

Variations to the timetable will affect all public holidays during the summer recess are listed below – more information from www.capemetrorail.co.za / Transport Information Centre 24/7 **0800 65 64 63**.
